

**MILLIONS FOR
PRISONERS HUMAN
RIGHTS MARCH ON
WASHINGTON DC
AUGUST 19TH 2017
Solidarity Statement**

Greetings and Solidarity,
We take this opportunity to
express our support for this

historic event that supports prisoner's human rights and to amend the 13th Amendment's slavery exemption clause, so that legal slavery is finally abolished. When you consider the historic application of slavery in America, slavery in any form should not be tolerated in our society. For years we have struggled to defend the civil and human rights of prisoners both during our incarceration and upon our reentry back into our respective communities. We took to heart the principles that were espoused by Comrade George Jackson. We came to prison as criminals but while here we transformed ourselves into revolutionaries so when we return to our communities we can be productive and make meaningful contributions for the betterment of society.

For years we endured indeterminate periods of isolation and sensory deprivation so we know firsthand the inhumane and barbaric treatment that one can be subjected to while in prison. Yet those experiences have not dampen or diminish our resolve to fight for the human rights of those confined to these prisons. As a society, we want to see healthy and wholesome individuals returning to society upon their release from prison. The inhumane and barbaric treatment that one can experience, indeterminate periods of isolation, and sensory deprivation is damaging to an individual's mental health and physical well being. It is dehumanizing and must end.

Therefore, it is incumbent on us to raise our voices in defense of prisoner's human rights. This is the way we express our HUMANITY!!

Long Live the Indomitable Spirits of Comrade George Jackson, Hugo "Yogi" Pinell and all Fallen Comrades. Black August Resistance Forever!!
